CERTIFIED TESTER FOUNDATION LEVEL (CTFL) IN SOFTWARE TESTING

The CTFL is an internationally recognized certification offered by ISTQB (International Software Testing Qualifications Board).

It provides foundational knowledge of software testing principles, methodologies, and best practices. Ideal for beginners, it covers topics such as test design techniques, test management, tools, and the software development lifecycle, preparing professionals to contribute effectively in QA and testing roles.

Ideal Target Audience for CTFL Certification:

1. Aspiring Software Testers
2. Junior Testers / QA Engineers
3. Developers & Programmers
4. Business Analysts & Product Owners
5. IT Students / Fresh Graduates
6. Project Managers / Team Leads
7. Professionals Shifting into QA
